DZIKRI MUSTAQIM

INFORMATICS STUDENT

South Tangerang, Banten │ +62 812 1345 8849 │ dzikrimustaqim@gmail.com

---

OBJECTIVE

Enthusiastic informatics student specializing in DevOps engineering and passionate about cloud computing. Proficient in AWS, Azure, and GCP, with hands-on experience in designing and implementing scalable cloud solutions. Actively involved in campus internal and external organizations, developing leadership and teamwork skills while applying technical expertise.

EDUCATION AND TRAINING PROGRAM

S1, Teknik Informatika – GPA 3.25/4.00 (6th semester)
Aug 2020 - Present

Institut Teknologi Indonesia

As a passionate final semester informatics student, my involvement is not only focused on academics, but also active in various student activities and organizations, both on and off campus. Through this participation, I can broaden my social network and improve my interpersonal skills, while remaining committed to good academic achievement.

CCNA Network Engineer
Jul – Sep 2023

Digital Talent Scholarship 2023, Fresh Graduate Academy

I learned about basic network concepts, device configuration, network protocols, and troubleshooting common network problems. I was also introduced to aspects of network security and how to protect network infrastructure from security threats.

Cloud Computing Learning Path
Feb – Jul 2023

Bangkit Academy led by Google, Tokopedia, Gojek, & Traveloka

An intensive training program at Bangkit Academy on cloud computing, I learn to use Google Cloud Platform (GCP) and gain practical experience for careers in the information technology industry. Our achievement is winning the Best 68 Product-based Capstone Projects out of 787 Projects.

Cloud Architecting – AWS
Mar – Apr 2023

Digital Talent Scholarship 2023, Fresh Graduate Academy

I learned about concepts and practices related to cloud architecture, including understanding infrastructure, scalability, security, and data management in AWS cloud environments. Through this training, I gained an in-depth understanding of how to design and implement efficient and reliable cloud solutions based on business needs.

Microsoft Azure for Beginner
Jul – Aug 2022

Digital Talent Scholarship 2022, Fresh Graduate Academy

In this activity, I have learn Azure Fundamentals, Data Fundamentals, and AI Fundamentals to gain an in-depth understanding of the Azure platform, data fundamentals, and artificial intelligence. As proof of competence in this field, I successfully passed and received AZ-900 and DP-900 certification.

ORGANIZATIONAL EXPERIENCE

Student Supervisory Board
2023 – 2024

Informatics Engineering Student Association ITI

Has the task of supervising and ensuring the smooth running of student activities, including the budget, election of management, and enforcing discipline and rules. They have the authority to maintain the integrity and accountability of student organizations, creating an ethical and professional student environment.

Research and Development Division
2023 – 2024

National Informatics and Computer Student Association Region IV Banten

Has the task of designing and developing research programs and contributing in presenting innovative technology solutions. They have the authority to conduct research, organize scientific activities, and develop projects that are relevant to the development of information technology and computers.

Chairman
2022 – 2023

Central ITI E-Sports Student Activity Unit

As Head of UKM ITI Esports with more than 50 members, my task is to lead and coordinate organizational activities, arrange practice and tournament schedules, and guide members towards the best performance in esports competitions. I am also authorized to make strategic decisions for organizational development and communicate with external parties, including sponsors and related agencies.

Eksternal Public Relations
2022 – 2023

Informatics Engineering Student Association ITI

In charge of building and maintaining good relations between the association and external agencies, such as communities and IT associations of other institutions. I am responsible for cooperating with various parties to support and expand the network, as well as promote the positive image of the association at the external level.

COMPETENCY CERTIFICATE

Menjadi Google Cloud Engineer
Apr 2023

Dicoding

Architecting on AWS
Jan 2022

Dicoding

DP-900: Microsoft Azure Data Fundamentals
Nov 2022

Microsoft Corporation

AZ-900: Microsoft Azure Fundamentals
Dec 2022

Microsoft Corporation

HARD SKILL

| GCP Cloud | Azure Cloud | HTML CSS |
| AWS Cloud | Docker Container | JavaScript |
